

EDULEADER[®] Fee Structure

EduLeader's Effective Meeting Management course is designed to help your organization conduct and participate in efficient and successful meetings by strengthening culture through actions that encourage collaboration and accountability. The more employees you invite to participate in this program, the greater the impact you will have on saving money, saving time and increasing your organization's productivity.

Your employees spend at least 15% of their time in meetings, yet more than 30% of meetings are unproductive. EduLeader's Effective Meeting Management course can become part of a change initiative that will move and strengthen your organization's culture to set behaviors that create strategic alignment and increased effectiveness. Our pricing structure encourages you to strongly consider offering the training to most or all of your employees. As you train more people and move from Tier 2 Pricing to Tier 6 Pricing on the chart below, tier-over-tier pricing decreases start at 17% and go all the way to 59% - from \$299 per person down to a mere \$49 per person.
